MAX PERRY: SPEAKING UP FOR MAIDENBOWER

Max says, “We can all be very proud of Maidenbower and its surroundings. However, there are continuous threats of over-development stretching from “Crawsham” in the West towards East Grinstead with Maidenbower in the middle and Forge Wood all without sufficient infrastructure. As Maidenbower works through its third decade we need to work to make sure that our housing is looked after and improved to meet the challenges of increasing energy prices.”

THIS ELECTION IS TO ELECT JUST ONE OF YOUR THREE LOCAL COUNCILLORS

Whatever happens at this election, you'll still have at least two Conservative Councillors.

The third seat this time is between Max and another Conservative.

“Max’s strong community links and experience of working with different groups of people means that he would make an excellent councillor, working with residents and other councillors in the best interests of our area and speaking up at Crawley Borough Council.”

1

SAVE OUR GREEN SPACES FROM OVER-DEVELOPMENT

As the plans continue to build an excessive amount of new properties (400,000 in the South East alone), with up to 10,000 West of Crawley, the need for adequate infrastructure, the overloading of cars on our roads and the devastation of wildlife and greenery just isn't being addressed. Max says, "The current housebuilding in Crawley is proving very lucrative for major housebuilding companies, I have concerns too about the Center Parcs proposal. We mustn't allow business deals to further damage existing communities in the race to build more and more on our remaining green spaces."

2

NO TO GATWICK EXPANSION – YES TO GREEN NEW JOBS

Max supports the Green New Deal for Gatwick which will create 16,000 new jobs. He opposes the further expansion of Gatwick which promises inflated job promises in 2038 because automation will almost certainly remove those jobs. Max says, "Gatwick expansion **GUARANTEES** more pollution, more congestion, more noise, more CO2 emissions and less land for diverse jobs. The Green New Deal for Gatwick proves how 16,000 new jobs can be created in the Gatwick Diamond in the next two years." Read more on the New Deal here: tinyurl.com/GatwickGreenNewDeal

LET'S TACKLE TRANSPORT FOR MAIDENBOWER NOW!

Crawley Borough Council has spent far too long dragging its feet over the development of Three Bridges Station and the essential upgrade to pedestrian and cycle access to go with the increased volumes of people since the problem was recognised in 2013. Max adds, "I say a very strong YES to joined up cycle paths and the promised Three Bridges developments We need action NOW!"
