

MAX PERRY - FOR MAIDENBOWER

I SAY "STOP OVER DEVELOPMENT, SAVE GREEN SPACE"

GreenMaxPerry@gmail.com

Dear Resident,

My name is Max Perry. I'm standing in the upcoming Crawley Borough Council elections to represent Maidenbower, and am writing to ask for your support on Thursday 5th May.

Here are some reasons why you may consider voting for me:

Greens work hard – I have the skills to do the job

I currently work as a Financial Systems Manager for a Not-for-Profit organisation. I work really well, both independently and as part of a team. I know how to research carefully and thoroughly – and I know how to gather evidence to make the right decisions. Having worked for much of my career at the airport I understand why many transport and planning decisions are made in the interests of profit and not environment.

I am organised, hard working and love getting things done.

I care deeply about the local community

I live in Maidenbower and have lived in Crawley most of my life. I understand the community, its needs and what could be done better. I'm fed up with Crawley's identity being "that place near Gatwick Airport" – I know we deserve better. Cuts in services mean that we have been neglected by the local and national government for far too long. The Council want to keep building more and more largely unaffordable houses without the infrastructure or space that needs to go ahead of it. Our Dentists and GP surgeries are increasingly challenged.

Surely our community deserves better?

Our community matters – so does our environment

I love this area, its people, its history and the richness of our environment. I want to enjoy the open green spaces around us, and not lose them to unsustainable, largely unaffordable over-developments, speeding cars, and litter. All this building has other knock-on effects; species which were once common are now rare, and each time I go out on a walk, I see more rubbish than I can pick up. The pollution must stop. Through the lockdowns we've come to realise how important green spaces are to our wellbeing. Yet they are disappearing rapidly and once they are gone, they'll be lost forever. We need limited, affordable, sustainable housing, not thousands of new-build luxury houses with inadequate infrastructure which generate endless traffic, air pollution and an overloading of our already limited resources.

We *must* conserve our precious environment for our children and grandchildren.

I love helping people

All my life I have been dedicated to finding answers and to helping others. I have bags of empathy and an inherent passion for solving problems. I am dedicated and hard working. My decision making is based on what matters most – like wanting the best for my children and grandchildren's future. My values are guided by my morals and community; not by the interests of big corporations and political opportunism.

As such, I will always do all I can to support the vulnerable in our community and to listen to and act on what matters to you. I will always be thinking of how to improve ALL of our futures.

WITH YOUR SUPPORT MAX CAN WIN IN MAIDENBOWER

No to Gatwick Expansion and Yes to Green Jobs

Yet more Gatwick expansion plans mean that traffic keeps increasing and the resulting noise and air pollution grows. Our health is being damaged and our children's future is being damaged. As Greens we have plans to create more Green New Deal jobs for Gatwick including investment in insulation.

We need Green sustainable jobs – not yet more land grabbed for Gatwick Expansion while Gatwick's job opportunities dwindle through automation.

Greens aren't told how to vote – so I'm free to speak up for Maidenbower

You can trust me to speak out for what is right.

I will be the kind of Councillor who reaches out to people

I will be a Councillor who listens to people's worries and tackles the issues that affect us day to day.

I will be a Councillor who, unlike the other party candidates, does not have to toe a party line.

I'm honoured to have been selected by the Crawley Green Party to represent Maidenbower in the elections on Thursday 5th May. **Put your trust in me, I won't let you down.**

Warmest wishes,

Max Perry

PS: Don't forget, if you vote for anyone else, then a Conservative candidate who is told how to vote and what to is likely to win. With your support, Greens *can* win in Maidenbower! Thank you.

CRAWLEY NEEDS A GREEN VOICE SPEAKING UP AGAINST EXPANSION!

"Max's strong community links and experience of working with different groups of people means that he would make an excellent councillor, working with residents and other councillors in the best interests of our area and speaking up within the Council."

Green Cllr Mike Croker –
Bramer, Upper Beeding
and Woodmancote
